<p><i>Each Admission Authority will consider the child's home address to be the place where the child permanently resides for the majority of the time. This would normally be at the same address as the person who has Parental Responsibility for the child and is their main carer. Where the child spends equal amounts of time with both carers, each Admissions Authority will consider the place of residence of the parent/carer who receives Child Benefit to be the child's home. Please note that it is not the responsibility of the Admissions Authority concerned to determine parental responsibility, however evidence of parental responsibility will be required should there be doubt. The LA acting on behalf of all Admissions Authorities will undertake thorough residency checks and reserves the right to request independent confirmation of the child's address. The LA may request that parents/carers supply documentation to support their application.</i></p>
