

Social Care Services for Adults in Somerset

Can we help you?

We arrange care and support to make sure adults in Somerset and their carers, are safe, well cared for, and as independent as possible.

How can we help you?

We can give you **advice and information** about what is available in your community to support you and the person who looks after you.

We can help you get the **support** you need. We may pay for some of this.

If you want to arrange care and support for yourself, we can advise you or help you to do this.

We can help with things like:

- regaining or maintaining your independence
- having equipment to help you manage more easily
- alterations to your home to help you cope
- care and support in your own home
- deciding if moving into a care home is the right choice
- breaks for the person who looks after you

How do I find out more?

Contact **Somerset Direct** Phone: 0845 345 9133
 Minicom: 0800 7434578
 SMS text: 077814 82858
 Fax: 01823 273954
 Email: adults@somerset.gov.uk

They can give you advice.

They can put you in touch with someone to help you.

What if I speak another language or need information in a different way?

We can arrange for the information you need to be written in your language.

We can arrange for a telephone interpreter or a face-to-face translator, so you can talk to us in the language that suits you best.

We can arrange for the information to be in a different format, such as large print, on CD or tape or in Braille or easy words.
