What You Will Deliver

Key tasks and responsibilities

Job Summary

1. Responsible for ensuring the co-ordination and delivery of skilled, effective care to promote positive health and respond to identified, individual client and population/community needs. This will reflect the prime objective of tackling disadvantage and inequality to impact on the health divide and effectively participate in the mainstream development of Early Help Services to fully embrace the ethos of integrated care delivery.
2. Provide professional and team leadership to manage a defined team delivering care to a geographical caseload/population. Undertake an ongoing community health needs profile of the caseload identifying individual, family and community needs affecting health and social well-being, including Emotional Health Screening, assessing the need for specific services and ensuring that the appropriate level of interaction is provided and co-ordinated.
3. Work with vulnerable children and families in line with national and local policies relating to safeguarding children and provide specialist support and advice to children, families and schools regarding the health and wellbeing needs of children.
4. Work in partnership with other agencies, particularly health services, education and social care. Manage and co-ordinate programmes of intervention for a caseload made up of individual children and families, to plan, implement, monitor and review programmes of intervention based on identified individual health and social needs.

Key Responsibilities

5. Identify those children who are vulnerable and/or at risk from harm. Respond appropriately to incidents of actual or suspected abuse and to ensure that child protection practice is in line with local and national guidelines and policies and prioritise court reports and Child Protection documentation.
6. Attend professionally related working groups as appropriate, which are involved in developing and agreeing local policies, protocols and standard setting to identify and respond to local health needs. Participate in projects, pilots, research and audit as and when required by the Organisation.
7. Maintain a working knowledge of, and participate at a local level in, the delivery of public health targets, local delivery plan, business plan, benchmarking and governance plans and Children's National Service Framework targets, ensuring that practice reflects their objectives.
8. Responsible for care plans/programmes delegated to members of the health visiting team, providing clear measurable outcomes and developing systems to review the effectiveness of care. Maintain communication through Healthy Child Meetings allocating work to appropriate professionals.

9. Work in partnership with families and other agencies to promote and support a healthy lifestyle and positive parenting. Develop, deliver and evaluate programmes of education and support to targeted individuals and groups within the community.
10. Provide safe and competent advice for individual clients receiving care for a condition for which the Health Visitor takes clinical responsibility. Prescribe from the Nurse Prescribers' Formulary for District Nurses and Health Visitors, from the Nurse Prescribers' Extended Formulary or to act as a supplementary prescriber, where appropriate qualifications have been achieved.
11. Investigate and report complaints and incidents at a team level (as appropriate) and in accordance with the Organisation's complaints and incident reporting policies and complete risk assessment.
12. Offer advice, guidance and support to children and families to develop good practice and publicise the available areas of assistance.
13. Understand, uphold and promote the aims of the council's equality, diversity and inclusion policies; health, safety and wellbeing of self and others; and Organisational values in everything you do. Equality and Diversity practice covers both interaction with staff, service users and communities and includes challenging discrimination and promoting equality of opportunity for all.
