This involves responsibility for case investigation work, problem solving and responding/ conclusion of case investigation, within the statutory requirements and service standards or ensuring response from others.</p> <p>Operational Duties</p> <p>Deliver a broad range of activities e.g. system administration, validation assessments, consultation strategies and processing, purchasing and procurement administration, invoicing, debt management, data collation, web maintenance, meeting organisation, minute taking, report generation - both statutory and ad hoc, responding to Freedom of Information Requests.</p> <p>Statutory/Legal Duties</p> <p>To develop and maintain sufficient service expertise, up to date knowledge of legislation, policy and procedure to provide advice and practical help, as well as proactive information to both internal and external customers.</p> <p>In rare cases produce witness statements and attend court if requested.</p>			

JOB DESCRIPTION

Problem Solving

The post holder is required to identify the most appropriate methodology to process many types of applications and resolve a wide range of technical service requests. To achieve this, they may negotiate with members of the public, businesses and partners but will know when to seek advice from more senior officers when appropriate.

Excellent organisational skills as this is a multi-skilled role and will require daily reprioritisation of workloads.

Handle and resolve where possible, customer and external stakeholder complaints.

Technical Duties

To use their experience and technical knowledge to case manage and resolve a wide range of service requests supported by current legislation and operating procedures, maintaining some freedom for discretion as long as within policy guidance.

Manage the Uniform Computer System for the Council, which requires management of the infrastructure of the system, regular maintenance and required changes as relevant legislation dictates.

Project Work

The post holder will be required to co-ordinate projects such as system changes and changes in legislation.

Administrative Duties

Accurately update and maintain all relevant information systems and be responsible for ensuring staff input data correctly by assisting with training and support as required.
